12th June, 2026

Fair Trading Commission to Host Virtual Stakeholder Session with Corporate Counsel

The Fair Trading Commission (“the Commission”) will be hosting a Virtual Stakeholder Session with Corporate Counsel on Thursday 18th June, 2026 under the theme: “Competition Compliance, Governance and Enforcement: Practical Perspectives for Legal Counsel”.

This session forms part of the Commission's ongoing efforts to strengthen engagement with key stakeholders and promote a greater understanding of competition law and compliance obligations.

The session will focus on the increasingly important role of competition law compliance within business governance, regulatory risk management, and corporate decision-making. Participants will receive updates on the Commission's work and will have an opportunity to discuss emerging issues and trends affecting businesses operating in competitive markets.

Moreover, the meeting will provide an opportunity for representatives to share their perspectives on a range of matters. These include any issues, challenges or concerns encountered when engaging with the Commission, as well as difficulties experienced in advising on competition law compliance. In addition, the session will facilitate discussion on emerging risks and trends observed within their respective sectors or industries.

Furthermore, participants will be invited to provide feedback on how the Commission can enhance its communication, transparency, stakeholder engagement and regulatory processes.

The Commission anticipates that the session will contribute to stronger competition law compliance frameworks, enhanced stakeholder engagement and a deeper understanding of the role that competition policy plays in promoting consumer welfare, innovation, economic efficiency and sustainable economic development.
